EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Seth Nehrbass on Wednesday, January 7, 2004.

The application has been amended as follows:

IN THE SPECIFICATION:

Page 1, line 6, after "Product", insert -- (now U.S. Patent 6,357,448) -- ,
line 10, after "60", insert -- 357,511 -- .

IN THE CLAIMS:

In claim 276, line 7, after "tube", delete "and",

In claim 321, line 4, after "content", replace "o" with -- to --.

2. The following is an examiner's statement of reasons for allowance:

Regarding claims 279-280, 299-303 and 329-338, Applicant has claimed an improvement over known packaged, tobacco-containing rolled sheets of material/shells, said improvement comprising:

- a tube/cylindrical form casing for receiving the rolled sheet of material/shell therearound,
- a longitudinal slit formed in a sidewall of the rolled sheet/shell.

Regarding claims 276-278, 288 and 306-328, for which an Appeal Brief to the Board of Patent Appeals and Interferences was filed, the Examiner believes that one having ordinary skill in the art would not have been motivated to unroll (or separate the edges of) the rolled tobacco-sheet material of the tobacco product of either Willis or Bishop, and then add tobacco fill material. Therefore, these claims are allowable over the closest prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
